Two Graduate Research Assistant (GRA) Positions

**Position Description**
The GRAs will be appointed for a year with possible extension up to 4 years. The positions will support the implementation and research of a bilingual mathematics education project working with teachers at a public school. The GRAs are doctoral students interested in bilingual mathematics teaching and learning, and/or teacher preparation. The GRAs will support the data collection and analysis of the project, as well as developing literature reviews. The GRAs are expected to take up leadership roles with the teachers and the rest of the research team. GRAs will work 10 hours weekly and during the summer as PA (project assistants) in a summer camp.

**Minimum Qualifications:**
1) Graduate student interested in elementary education and with expertise in mathematics teaching and/or bilingual education
2) Ability to complete the human subjects training during the first week of employment

**Preferred Qualifications:**
1) Demonstrated ability to speak and write both in English and Spanish;
2) Experience teaching mathematics with bilingual students;
3) Knowledge in educational research in bilingual mathematics education;
4) Experience in developing and editing digital audio, images, or videos;
5) Experience implementing qualitative research; and/or
6) Interest in arts integration and creative learning.

**Specific research activities:**
As members of the research team, the GRAs will participate in the following activities:
   a) Collaborate with research team in planning meetings at UNM
   b) Support teachers at school on a weekly basis
   c) Support implementation and documentation of units of study
   d) Conduct relevant literature reviews
   e) Transcribe and translate (Spanish and English) audio and video data
   f) Organize, keep research logs, and code video data
   g) Support team to prepare manuscripts and present at conferences

**How to Apply**
GRAs will be eligible for a tuition waiver of up to 6 hours per regular semester. Salary is determined based upon GRAs salary guidelines. Health insurance will be covered. Stipends are paid on a monthly basis. Interested candidates, please send a resume to Dr. Carlos LópezLeiva at callopez@unm.edu. Applications will be reviewed by September 30th.
